### \$135,000.00 PAVING FOR BAY ST. LOUIS STREETS.

#### WILLITE PAVEMENT WINS FOR BAY ST. LOUIS.

City Streets to Receive 62,000 Yards of Hard Surfacing of This Type of Paving—Hogan Contracting Company, of Little Rock, Gets Contract.

Under the auspices of the Board of Supervisors of Hancock county, H. S. Weston, president, there were opened on Monday divers bids for the paving of certain streets in the city of Bay St. Louis, John C. DeArms, county civil engineer, in charge.

The type of paving that won is known as Willite, an asphalt with a copper filling that defies the heat of the sun to soften it, and which attracted the attention of the Board of Supervisors' committee recently on an inspection tour in Louisiana and Texas. At Dallas the committee found Willite extensively used and giving the maximum of satisfaction.

Sixty-two thousand yards of Willite paving will cost the county approximately \$135,000.00, according to the bid. It is expected, however, since there will be a surplus of money left, that 70,000 yards in all will be laid.

Hogan Contracting Company, of Little Rock, Ark., and Memphis, Tenn., locally represented by Messrs. Hunt & O'Connor, were awarded the contract. "We will begin actual work within 30 days," said Mr. Hunt to The Echo the same day he was awarded the contract. We are in a position to have our paraphernalia here in a short time and with material on the ground we are going to work at once.

What streets will be paved was not given out when the bid was awarded simply so much yardage to be placed on the pleasure of the Board, that body being in position to see where the paving will be placed. However, it is well known that Ulman and Carroll avenues, Union and Washington streets, including a goodly part of Frontstreet, will be included in the territory to be paved, and possibly Court street.

#### BAY ROTARY INVITES I. C. HEAD.

President C. H. Markham Invited by Bay St. Louis Rotary Club to Visit City While Here on Gulf Coast This Week-End.

Will President C. H. Markham, of the Illinois Central Railroad system, visit Bay St. Louis while on his trip South and visit to the Mississippi Gulf Coast?

He has been invited to be the guest of Bay St. Louis and Hancock county. At the regular Wednesday evening meeting of the Rotarians the following telegram was authorized to be sent: Mr. Markham is due to arrive in Gulfport today and will be entertained this evening at a banquet by the Chamber of Commerce of that city. The telegram:

Bay St. Louis, Miss., July 9, 1925.

C. H. Markham,

President, I. C. R. Co.,

Chicago, Ill.

Citizens of Bay St. Louis and Hancock county join the Bay St. Louis Rotary Club in inviting you and your party to visit this city when on the Gulf Coast this week.

BAY ST. LOUIS ROTARY CLUB.

#### PRIESTS OF DIOCESE HOLD RETREAT.

Bishop Richard O. Gerow Heads Eighty Priests of Mississippi in Three-Day Retreat in Bay St. Louis at S. C. College.

Bishop Richard O. Gerow and 80 priests from the Mississippi diocese spent the early part of the week in Bay St. Louis in annual retreat, spending three days at St. Stanislaus College in prayer and meditation. This is perhaps the largest number attending any retreat yet held. Mass was said every morning at the college chapel by the Bishop and attended by the priests.

This retreat will soon be followed by the Brothers of the Order of the Sacred Heart, and will be attended by members of the Order not only locally but from away.

Bay St. Louis a summer resort and the premises of the college large and equipped with every arrangement, makes it ideal for the holding of such exercises.

#### TO HOLD JOINT MEETING.

Bay St. Louis Izak Walton League to Meet With Board of Supervisors Thursday Evening—Members Are Urged to Attend.

The Izak Walton League and the Rotary Club will have a joint meeting with the Board of Supervisors of Hancock county on Thursday, the 16th, at 8:30 P. M., at the county house. The purpose of being to discuss and determine on ways and means to induce the Federal government to stock the fresh water streams of this county with fish and to protect fish and game in Hancock county.

It is expected that much benefit will result from the meeting and that our beautiful streams and wonderful country will attract people from all parts of the world. All members of the Izak Walton League and the Rotary Club are expected to attend in order to carry out the measure for our streams and streams may be damaged by the past advances and neglect.

#### CIRCLE MAKES ANNUAL REPORT.

Catholic Neighborhood Circle No. 1 Elects Mrs. Bob President—Reports Show Activity of Organization—How Money Was Expended.

Catholic Neighborhood Circle No. 1, of Bay St. Louis, recently held its annual session, with the result Mrs. C. Boh was elected president, succeeding Mrs. John A. Green, who was made honorary president, and Mrs. H. C. Glover, secretary-treasurer, succeeding Mrs. E. J. Lacoste.

Mrs. E. J. Lacoste submitted her annual report, which was read and adopted. During the year it was shown how actively engaged the Circle was in its various benevolences. There were prepared and delivered 62 Thanksgiving baskets.

With the assistance of Bro. Peter and college faculty \$142.50 was raised for a community Christmas tree for the poor children of Hancock county, and ten families during the year assisted.

Visiting orphans were assisted and entertained, and the Circle also helped St. Joseph's Demonstration Club by raising \$100.

The financial report follows, from September 11, 1924, to July 3, 1925:

Balance on hand Sept. 11, 1924, Hancock Bank \$101.65

Receipts from dues and other sources from Sept. 25, 1924, to July 3, 1925—499.30

Disbursements:

Various payments made as per check book from Oct. 24, 1924, to July 3, 1925—515.95

Net balance in the bank—70.87

Expended school books to poor children.

Donation of \$65.00 to Father Gmelch for educational purposes; also \$75.00 to St. Joseph's Academy for same purpose.

The Circle is an active factor in good work for the community, and the ladies in charge most active in their endeavors.

#### FOURTH OF JULY BON FIRE PARTY.

The Fourth of July was celebrated on the beach front of the Conrad Sick properties, on the beautiful and inviting sloping beach at that point of the shore line, in a manner that will long be remembered by the guests. Music was furnished by Mr. Max Kohler. A feature of the evening was the guitar selections rendered by Mr. Rayo Rayley, accompanied by Mr. Max Kohler, who, too, is quite clever with the guitar.

Mr. S. Bloom, visitor from New Orleans, was selected master of ceremonies and due largely to his effort the affair was one without a dull moment. Abundant refreshments were served during the evening. Among those present were: Mr. and Mrs. C. Sick, Mr. and Mrs. Max N. Kohler, Mr. and Mrs. Boswell and family, Dr. and Mrs. Wolfe and family, Mr. and Mrs. Sontheimer and family, Mr. and Mrs. J. Marker, Mr. and Mrs. Campbell, Mr. and Mrs. Sam Gluck, Mr. and Mrs. Goldman and family, Mrs. Watson and sons, Messrs. Samuel, Ray Rayley, S. Bloom, Conrad, Fishman, Dick Williams, Peter Sick, Conrad Sick, John Sick, Mrs. Lyons, Misses Rosalie Allen, Irene Conrad, Elizabeth Gitt, Elizabeth Wilson, Edith Gilmore, Irma Simon, Dora Margolin.

#### ASK FOR WEDNESDAY EXCURSION AND THEATRE TRIP.

At a regular meeting of the Bay St. Louis Rotary Club, held at the Hotel Weston, Wednesday night, among the various matters discussed was the proposition of seeking from the Louisville and Nashville Railroad Company the restoration of the popular Wednesday excursion from New Orleans, and also asking that company that a theatre trip be operated during the winter months. It was shown that many people along the Gulf Coast would attend theatre in New Orleans were it possible to return home the same evening.

The L. & N. for many years ran its Wednesday excursions; two and three sections some weeks, bringing thousands of visitors to the Coast that otherwise would not visit here. But during the war it was announced that the excursions were discontinued, and ever since the company has failed to resume the service. A committee was appointed and the matter to be taken up with the proper authorities, with a view of securing the resumption of the Wednesday service.

The Rotary Club is active in many ways and has many projects in view to be carried out in due time.

#### HANCOCK COUNTY COUNCIL WORK.

Home Demonstration Clubs Active—Meet at Mrs. E. B. Pittman—To Meet Again First Friday in September—County-Wide Work.

Hancock County Council met at the home of Mrs. E. B. Pittman, in the Cross Roads community, this week.

Twenty-two members were present from Caesar, Leetown, Kiln, Flat-top and Bay St. Louis. Sellers was present in letter form. Aaron Academy was unavoidably absent.

This was a most successful meeting, manifested by the number of communities represented and interest shown in the work done by the clubs they represented.

The Leetown, Caesar and Sellers clubs are trying to interest every one in having sanitary toilets. They also wanted twenty-five girls to go to the Short Course at Bay St. Louis and succeeded in getting fourteen.

Flat-top, Cross Roads, Aaron and Gainesville are trying to save the most important crop by having Better Baby Days. One was held at Flat-top June 25th, with 31 babies examined. This was a most important step in health work.

We are also trying to do some extension work to get more interest aroused in club work by getting clubs started in Aaron Academy and Gainesville.

We had only five girls at the Short Course, with their community leader, Leona Miller.

Kiln is working with their club girls and doing extension work in the community. They have some of the most able leaders in the county there and we feel that in time they will be one of the strongest home demonstration districts in the county.

They had 14 girls with their community leader, Miss May Maufrey, at the County Short Course.

Bay St. Louis is doing extension work among the women and will have a strong demonstration center there. They had eight girls at the Short Course.

Miss E. Massay, of the A. & M. College, was with us to discuss the coming State Short Course. The dates for Short Course are from the 20th to the 31st. Through the country, in cars, with the home demonstration agent and family agents, the trip, including transportation, tuition fee and board, will cost \$15.

By railroad, \$25 to \$30. So if you are interested in a trip, which every girl and boy should be, get in touch with your agents, for this will not only be an educational trip but get by the displaying of the peach and orange banners that will be displayed on cars making the trip.

One night on the road will be spent in Meridian and the next evening will put cars in A. & M. College.

This is a worth while trip for every mother and father to consider taking.

Further aims of the County Club are as follows:

Two women and one girl at A. & M. Short Course to the meeting of the State Council.

At least two girls from each beat to the State Short Course.

Placing exhibits in courthouse and hotel.

Completing a kitchen and dining room for use of club girls and women.

Have women's Short Course of one week.

County exhibit of women's and girls' work.

Building a woman's building for us of county women where short courses and exhibits can be held.

Having better baby days in every community in September.

After adjournment of morning's work a most tempting lunch was served by the Flat-top Club.

The afternoon was spent in the discussion of preserving special fruit and a demonstration in preserving peaches was given.

The council adjourned at 4:30 to meet in Bay St. Louis the first Friday in September.

#### MAKE TRIP FROM N. O. TO BAY CITY IN CANOE.

Two Daring and Intrepid Navigators Make Trip From Over Lake Pontchartrain and Mississippi Sound in Small Craft—Record Time.

Ernest Robin and friend, Ed. Powe, two well known young New Orleans, made the trip from New Orleans to Bay St. Louis Friday night in a 17-foot canoe, power equipped. They left New Orleans at 1 o'clock Friday afternoon and reached here the following morning, on the Fourth, at 8:20 o'clock.

The trip was made in record time considering the smallness of the craft and horse-power of the propelling power. It is thought such trip was never undertaken. Both their success in making the trip through without untoward incident, for they were equipped with provisions, a miniature cooking equipment, and, above all, a good mosquito bar.

"We carried the bar," said one of the men, "for the reason that in the event we were forced to lay up for some shore of the swamp lands we would escape the ravage of the mosquito."

Messrs. Robin and Powe returned to New Orleans Monday morning by train, after spending the week-end as guests of Mr. and Mrs. W. W. News on the Wayland Beach front.

### STANISLAUS ATHLETE IS CHAMPIONSHIP WINNER.

#### "ZEKE" BONURA, OF S. S. C., BREAKS RECORD.

Became National Champion in Javelin Throwing Contest at San Francisco—Came One Inch Within Breaking the World Record—A Real Champion.

Henry Bonura, better and more affectionately known locally as Zeke, and representing St. Stanislaus College, Forster Commagere, won the A. A. U. record, national field and track meet, javelin championship at San Francisco, California, Saturday, the announcement reaching here after The Echo had gone to press.

The St. Stanislaus boy broke the American record at the same time, throwing the javelin at a distance of 213 feet 10 1/2 inches. In thus breaking the American record he came just one inch within breaking the world's record for the javelin throw, held by Johnny Myrta, a native of New Orleans, and also Coach Commagere, representatives of that city at once planned to give both men a rousing and formal reception on their return from California. The reception included public addresses by Mayor Behrman and other men in the public eye, and in brief the old town gave a fitting ovation.

Bay St. Louis, too, is justly proud of the young collegian who has made his home in Bay St. Louis for the past several academic sessions, as well as Forster Commagere, who has resided here several years, and we mingle our congratulations and best wishes with the good people of New Orleans on the occasion of the celebration.

Bro. Peter, vice president S. S. C., and director of athletics, expresses great satisfaction at the splendid work and achievement of Bonura, and, like the people of Bay St. Louis, feels gratified at the result. It was a long journey this trip to Frisco, but it was worth it. Zeke is coming home with the bacon, and new laurels for S. S. C.

To say that Bay St. Louis is proud of the achievements of Henry Bonura in the athletic field would indeed be putting it lightly, any stock of superlatives would run low before the half would be told.

When the news was flashed in that "Big Zeke" had beaten the great Myrta, the Olympic champion, in the senior day meet at Frisco, there was not a surprised man, woman or child in Bay St. Louis, every one knew that Zeke could turn the trick. Why, after defeating everything in the New Orleans meet with a score of 191 feet, didn't the big fellow come right here on his old grounds for practice and shy the javelin over 205 feet, and all that with only a couple of months' practice.

The writer asked a native youngster what he thought of Zeke's long throw. "Pshaw, mister, I knowed all the time that he was going to do that; there ain't nobody kin beat him."

"Zeke," as he is affectionately called, is the idol of the local fans in every department of play, field, basketball, football and baseball. When the Rock-a-Chaws are playing the great American game out at the park, just go on the outside and see the knot-hole fans; ask anyone of Zeke's prowess and you will get the answer will be: "I'm watching for Big Zeke to knock the ball over the fence."

Bonura is a natural athlete, he is but 18 years of age now, and a national champion; we safely predict that his achievements in the near future will set the world of sport agog.

Where the big fellow has done the remarkable, one must not forget that heady mentor, Forster Commagere, whose excellent training of the Champ has been the big factor in success. Commagere, that hard working, able and conscientious coach, long ago saw the possibilities of Zeke's prowess and determined to polish his material to national lustre; he has what he now considers a good start. If this is a "start," what will the finish look like?

As a trainer and coach, Commagere has gained national prominence and many big institutions will do all in their power to take him away from St. Stanislaus. If they fail, all who know him here will be happy—if they succeed, there'll be a woe-begone look on many faces, but all over the big College, but all over Bay St. Louis.

#### DEPUTY LANDNER H. NICAISE RETURNS WITH ESCAPED PRISONER.

Shirley Davis, negro, who escaped from the Hancock county jail crew last October, was located through Sheriff Bontemps and Sheriff L. L. Armistrong, at Chotom, Ala., was brought back by Deputy Sheriff Landner H. Nicaise Tuesday night and lodged in jail again. The negro was serving out a fine of \$150 for having liquor in possession. Was caught and raided last July in the turpentine quarters at Fenton, by Deputy Nicaise.

John Farve was arrested Saturday night at the new dancing pavilion on Deputy Nicaise and Constable Depree for being drunk and causing disorder.

Deputy Nicaise, of the Kiln district, will soon be ready to go back on the job again. He is recuperating rapidly since he left the hospital at Gulfport two weeks ago.

#### ZERR-AMES.

Marriage of Mr. Charles Zerr, of New Orleans, to Miss Lillian Ames, of Bay St. Louis, Took Place Wednesday Morning in Former City.

Mr. Charles Zerr, well known attached of the motion picture enterprises of the Saenger Amusement Company, at New Orleans, and Miss Lillian Ames, part owner and actively engaged in the operation of the A. & G. Picture Theatre, in this city, were quietly married Wednesday morning at 4:45 o'clock at St. Patrick's Church, during a special nuptial mass, in New Orleans.

The bride was becomingly attired in white with hat and accessories to match, and looked most attractive. She was attended by her sister, Miss Geraldine Ames, while the groom had as his best man Mr. Ouliser, manager at New Orleans of the Globe Theatre, where Mr. Zerr is chief operator.

Following the ceremony a short while was spent at the home of the groom's sister, after which Mr. and Mrs. Zerr left for Houston, Texas, where they will spend a while; however, before returning to their future home in New Orleans they will visit at Lake Charles, La., where Mrs. Zerr has an aunt, Mrs. Kuttner.

The bride is a daughter of the late William Ames and of the late Marie Ames, educated at St. Joseph's Academy, this city, where she has lived all her life and by her winsome personality endeared herself to all who know her best. She is most accomplished young woman and the men fortunate who has won her heart and hand.

Of the groom a New Orleans print of Sunday's day says:

"Mr. Zerr, who for the past nine years has been operator at the Globe Theatre here, has been a motion picture operator for eighteen years, a record connection with an industry that is hardly a quarter of a century old. Mr. Zerr's first employment was at the old Penny Arcade, Canal and Royal streets, where once he comedied and views were shown for 10 cents admission. Afterwards he went to the Alamo Theatre, now the oldest motion picture house in New Orleans, and from there to the

### ANNOUNCEMENT

The Sea Coast Echo is authorized to announce  
ROBT. L. GENIN  
a candidate for the Mississippi Legislature, to fill the unexpired term of Hon. C. L. Waller. Special election Tuesday, July 28, 1925.

Reputation depends much on one's cleverness in not getting caught.

Small boys do not hate soap: they wouldn't disturb it for the world.

Many beach beauties are so careful that they never get their bathing suits wet.

No doubt honesty pays, but it sometimes takes patience to make collections.

When speaking of a Floridian it is superfluous to add that he is a real estate man.

One is never sure his speech is convincing until it convinces his wife once or twice.

Dumb Dora planted a lot of canary seed this spring, but says she didn't get a single bird.

Most of the hard-boiled business letters are written by puny, undersized office assistants.

A fortune awaits someone who will invent a safe and convenient way to get rid of used razor blades.

Old men show greater determination than young ones, especially when they set out to make fools of themselves.

A chronic grouch complains that he has spent nearly \$40 for travel insurance and hasn't been in a single wreck.

Correct this sentence: "He was a shiftless loafer before marriage, but now, is an industrious and thrifty husband."

Just about the time we begin to feel that prohibition is a success, some drunken speeder nearly forces us into the ditch.

About the only thing now needed to cement British and American friendship is the adoption of a common language.

The New York young lady who got five years' must not be as good looking as her pictures in the newspapers would indicate.

The Banner says Nashville manufactures more snuff than any other city in the South. That is an industry not to be "sneezed at."

Vancouver Indians are said to be able to attract whales by making certain musical sounds, but this is probably only a whale of a fish story.

Two groups of enforcement officers mistook each other for moonshiners near Huntington, W. Va., and someone opened fire, three being killed in the gun battle which followed. Comment on the occurrence would be superfluous.

According to the Blue Cross Society, an organization for the protection of animal life, the summer fur craze is on the wane. There may have been more idiotic fashions devised than that of wearing furs in summer time, but if so the news has never leaked out.

The tendency of one line of business to encroach upon another has had many manifestations in this country, culminating in the modern department store, which sells almost everything under the sun. A timely indication of a return to specialized business effort is seen in a sign in a restaurant in Eddiesville, Ky., which reads: "We have made an arrangement with the bank. We cash no checks and they sell no soup."

Fire alarm apparatus has been installed in a church at Florence, Ala., so that city firemen may attend services, yet be subject to instant call to duty. By this thoughtful arrangement, those who protect their fellowmen from fire in this world may be given protection from fire in the world to come.

The Manufacturer is authority for the statement that there are a total of approximately 2,000,000 laws, national, state and local, in effect in the United States today. Yet people of Moses' time got along with only ten, none of which are very enthusiastically observed at this writing.

Oratory, however eloquent, fails to satisfy the craving for material sustenance, as was demonstrated at Memphis a few days ago. While a delegate to the Tennessee Bar Association meeting waxed warm in his denunciation of the new famous anti-evolution law, his scientific and theological exposition was rudely interrupted by a resounding shout from a hungry delegate inquiring "When do we eat?" A motion to adjourn for lunch was carried, leaving the orator unimpaired.

## R. L. GENIN FOR LEGISLATURE.

Robt. L. Genin, of Bay St. Louis, is announced in this issue of The Sea Coast Echo a candidate for seat in the Legislature made vacant by the resignation of C. L. Waller, representative from Hancock county. Representative Waller, now a resident of Florida, resigned for the reason he was no longer eligible to hold the commission.

Governor Whitfield issued a proclamation, in which he has called for a special election in Hancock county, and sets Tuesday, July 28th, as the date. On that day the voters of the county will elect a successor to Waller.

The Echo wishes to go on record as favoring the candidacy of Robt. L. Genin for various reasons. He served in that capacity for eight consecutive years, two terms, from 1912 to 1920, and with signal ability. There are more constructive laws on the statutes affecting the State and this section in particular during that period than in contrast to any other period of like time.

He stands for every progressive move affecting the Coast in these times of modern and rapid trend. Above all, he is an enemy to laws that stand in the way of capital coming to Mississippi, and, if elected, will exert every effort in the interest of repealing the income tax law and other like obnoxious measures that have spelled ruin to Mississippi, particularly to the Gulf Coast section.

He wants inserted in the constitution of the State that it will be violative to pass any law taxing incomes and penalizing capital. This Mr. Genin insists will be one of the strongest endeavors he will make. In fact, like in other things for the good of the people, he will make a most aggressive fight. This he backs by a firm determination and the knowledge that Mississippi today has laws damaging and destructive rather than upbuilding the State and improving the condition of the people.

Mr. Genin is no stranger to the Legislature. He is personally acquainted with over fifty per cent of the personnel of the present body, and this, indeed, will stand him in good stead. He will not go to Jackson a total stranger. He is familiar with the work of that august body and should he return to the Capitol he will simply fall into position and enter upon the work most actively, without that sacrifice of time necessary to get acquainted and to gain prestige.

Hancock county could not do better and as a successor to Representative Waller than to send R. L. Genin to help undo the damage wrought by the major part of the Legislature in late years, since it is now the consensus of public opinion that the Legislature must repeal many of its statutes or modify their drastic provisions if Mississippi is to go forward. Mr. Genin stands solidly on this platform.

### EVOLUTION TRIAL IN 1884.

Few persons probably know or remember that in 1884 a famous "evolution trial" took place in the United States, in which Rev. James Woodrow, for whom his nephew, Woodrow Wilson, was named, was the defendant.

Such is the case, however, and the trial attracted almost as much attention in educational and theological circles as the present trial of Prof. Scopes in Tennessee.

Dr. Woodrow was at the time a professor in the South Carolina College and Theological Seminary at Columbia, S. C., a Presbyterian school, where he gave courses in natural sciences as related to divine relation.

In the course of his lectures it developed that Dr. Woodrow presented the Darwinian doctrine of evolution in such a manner as to conflict with orthodox teachings supported by the book of Genesis, so the fundamentalists of that day had him tried and convicted of heresy.

His nephew, Woodrow Wilson, who was later to become president of Princeton University and twice President of the United States, was indignant over the result of the trial, as were the other leading scientific men of the country.

The conviction was reversed later by the higher Presbyterian authorities, so Dr. Woodrow was reinstated and afterward served as president of the State College until his retirement in 1897. He died in 1907.

Judge Kenesaw Mountain Landis, czar of baseball, visited Nashville recently and paid homage to Andrew Jackson in an after-dinner speech. He made a hit with the Tennesseans by declaring that "Old Hickory to me as a boy became a bottle on which I was nourished." He also recalled with glee Jackson's remark that his only regret was that he had not shot Henry Clay and hanged John C. Calhoun. The judge discreetly refrained from comment on evolution.

The spectacle of a woman painting and powdering in public is irritating to some, but nothing arouses the urge to throw a brick quite so readily as the sight of a would-be shik continually flipping back a long lock of hair with a toss of the head.

## A NEW ERA DAWNS FOR BAY ST. LOUIS.

It is noted with more than ordinary interest and significance that \$135,000.00 worth of paving contracts were let this week for the city of Bay St. Louis, the character of paving hard surfacing with an asphaltic composition strictly standard. And this is only the initial work of an extensive program, for we are assured that in time every street in the city will be similarly treated.

It is also noted, and the disposition is commended, no narrow street or alley will receive the same consideration that a wide street is entitled to. This is done in view that a remedy in time will be forthcoming. It is planned to widen the narrow street where practicable, and no effort should be given more co-operation than this. Both the city and county, working co-jointly in carrying out the paving program, should be assisted by the individual in every way possible.

With the paving of the streets of Bay St. Louis, now a reality-to-be, since the contract for such work is awarded, it can truly be said a new era of progress has dawned. From an economic standpoint we must also view the improvement with interest and give praise to whom praise is due, namely, the county, with the city co-operating.

### ZEKE IS ATHLETIC HERO.

Bay St. Louis came into sudden prominence in the athletic field and on the pages of every newspaper in America last Sunday morning, carrying the announcement that a Bay St. Louis collegian, Henry (Zeke) Bonura, at St. Stanislaus College, had broken the nation's record for javelin throwing.

On Friday Bonura won the junior record. This put him in line for the senior contest the following day, which he won. Accompanied by the S. S. C. coach, Forster Commagere, made the trip with his ward. Commagere coached well and successfully and to him, too, go the plaudits of fans and admirers.

Both natives of New Orleans, that city on Thursday evening gave the returning conquering heroes a reception at the City Hall well-worthy of the honor. Mayor Behrman and others made appropriate addresses, and the chief magistrate of the city presented both men with loving cups for their achievement.

Bay St. Louis is justly proud of both its "Zeke" and Forster, and while there may be no flare of trumpets, the spirit of pride and personal interest is none the less.

### GIGANTIC HOTELS FOR GULF COAST.

Last week The Echo reproduced a news item from the New Orleans Item to the effect that paper had received a message from the management and general ownership of the Edgewater Beach Hotel, at Chicago, and owners of other like enterprises, quoting as a fact Chicago capitalists will erect a 500-room hotel on the west end of the Mississippi Gulf Coast, near Pass Christian. And it appears this is but the beginning of what is to follow in this line of development of the Coast.

Hotels of such magnitude bring like people, a class that will not only contribute extensively but will in a measure assist largely in the development that is at hand. It is well known the head of one of the railroads traveling the Coast, Vice President Smith, has given it out officially his company will get the guests if we get the hotels.

The announcement from Chicago is significant, particularly at this time. Incidentally it might be noted, the Coca-Cola's present largest hotel, at Biloxi, has already begun actual work on the construction of an additional unit of seventy rooms.

### NEW PROHIBITION DEAL.

Colonel Andrews, the new prohibition chief, has instituted a drastic shake-up in the enforcement branch of the service, whereby federal activities will be more centralized and more systematically prosecuted, according to recent announcements from Washington.

One of the important innovations said to be contemplated in this connection is the divorce of prohibition officials from politics. This is in itself a tremendous task, as it will inevitably have the opposition of many senators and congressmen who have political friends already on the pay roll, with many others on the waiting list.

Under the political system of appointments, the inefficiency and expense of enforcement officials have become notorious. Not that all are inefficient or corrupt, but because so many have fallen into the trap of being expected to do what credit has been cast upon the entire enforcement service.

It is also announced that more attention will be paid to the larger offenders (manufacturers, smugglers and wholesale dealers) while less effort will be devoted to the petty bootleggers, whose activities are only made possible by the operations of the big violators.

Effects of the new policies will be watched with interest by both friends and foes of the Volstead law.

Why not close down your desk, shut up your house, and take your family on that long-planned vacation?

Enjoy the bathing in the salt waters of the Gulf of Mexico, fresh-water fishing, as well as fishing in the salt waters of the Sound, boating, sailing, dancing in the moonlight, tennis, golf on splendid courses, motoring on hard-surfaced roads along the shore, or on beautiful drives in the interior. What more of real pleasure could you ask for during your vacation?

### The Tang of the Salt Air Will Rejuvenate You

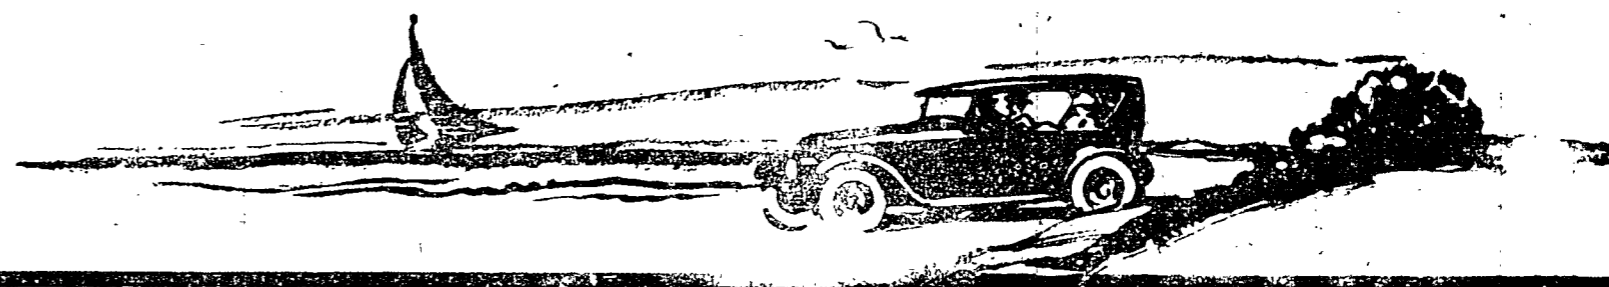

There is nothing better to build up your system and put new life into you than the cool salt breezes which blow in from the Gulf. Here you can work up a real appetite and "sleep like a log."

Bring the children along—the Gulf Coast is a paradise for them—and they will be perfectly safe.

Plan now to spend your vacation on the Mississippi Coast, where you can enjoy the pleasures that thousands of others have found so enjoyable and so beneficial.

This ad is appearing in 23 Southern newspapers this week—a total circulation of 534,000. It is planned to continue similar ads for a period of seven weeks. Many people have subscribed to this summer advertising campaign. Have you? If you have not, send your check to Vassar Anderson, Chairman, Mississippi Coast Club, Gulfport, Miss.

### CHURCH UNION IN CANADA.

After more than twenty years of negotiations, the Methodist Presbyterian and Congregational churches of Canada have formed a union under the name of the United Church of Canada.

While the vote in favor of the union was almost unanimous among the Methodist and Congregational churches, considerable opposition was shown by the Presbyterian bodies, which voted 426 for union and 129 against, and many of the latter have refused to enter the united church organization.

Because of their determined adherence to immersion as the only acceptable form of baptism, the Baptist churches of the Dominion could not be induced to join the union movement.

Though the plan has not been entirely a success, it has been a tremendous step toward Protestant unity in Canada and will have a powerful influence upon similar efforts in the United States if the present amalgamation works well in actual practice.

### BURNING IT UP.

Gasoline consumption in the United States now amounts to more than 27,000,000 gallons a day, which is an increase of 34 per cent over that of last year.

To keep pace with this ever increasing demand, refineries are producing record-breaking quantities but since the 1st of April consumption has gone ahead of production, and stocks on hand have been decreased to some extent.

Gasoline stocks have for some time averaged about two months' supply—that is, if every refinery in the country would stop work for two months there would not be a gallon

of gasoline anywhere in the United States, at the present rate of consumption.

From these facts it may be readily seen that there is no great probability of any decline in gasoline prices in the near future, especially as the production of high gravity crude oil, such as is used in its manufacture, is not increasing, although more heavy oil is being taken from the ground than ever before.

Prof. Dittmars declares that more than 500 people died from snakebite in the United States during the past year. What a fine argument for anti-prohibitionists.

At a banquet staged by 17 dry officials at the Mayflower Hotel, in Washington, attendants were induced to serve liquors and four were arrested.

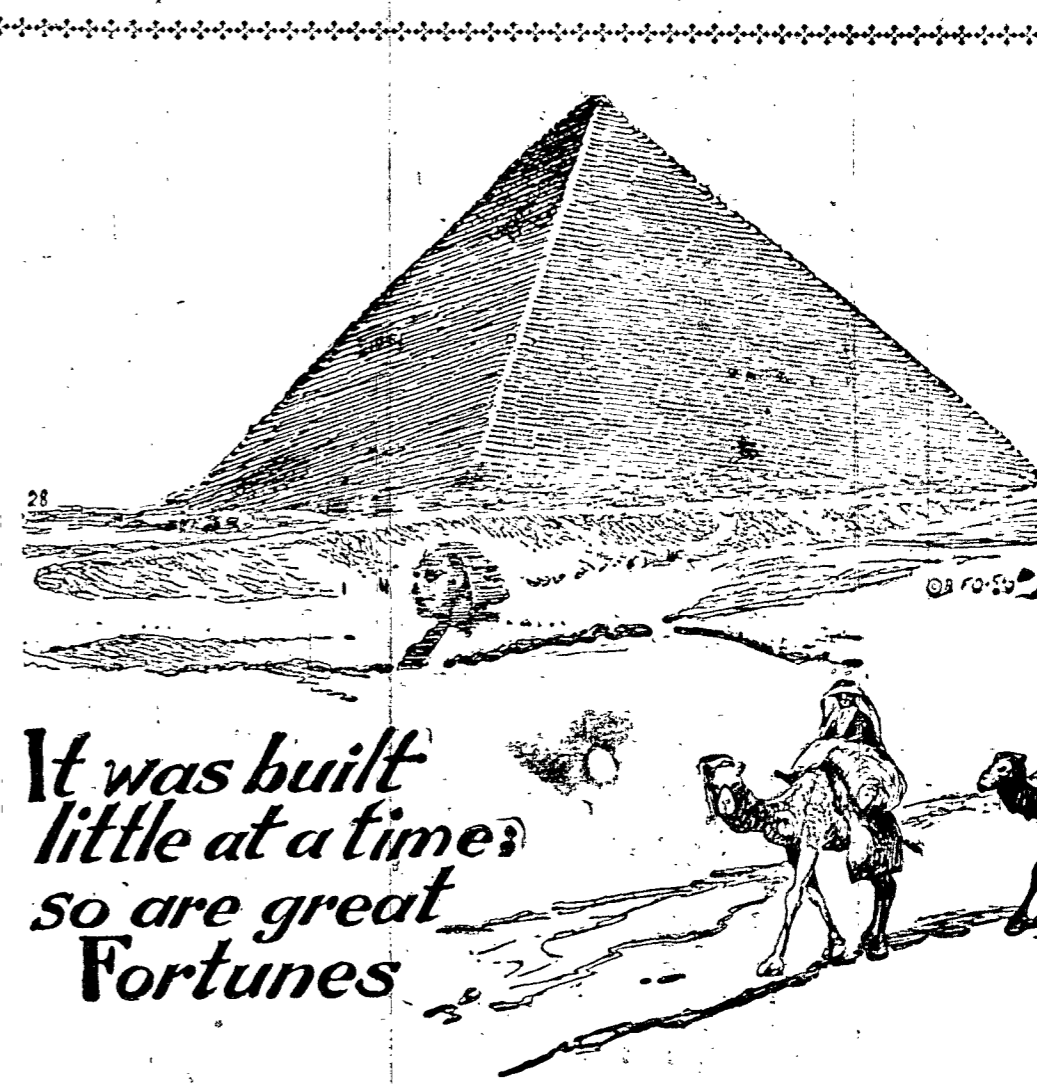

Captain Ronald Amundsen, recently returned from his Arctic airplane flight, was the dinner guest of the king and queen of Norway.

It was built little at a time so are great Fortunes

There was a time when people thought they had to have a large sum of money before it was worth while starting a Bank Account. Some people still think so.

This is a mistake. It is the small sums, usually spent unwisely, that should be put in the Bank. Small sums soon make a large sum and the habit of saving soon builds a desirable fortune.

Put your money in our Bank.

We will welcome you.

"Where did you get that splendid turnout, Washington?"

"Ah done boughten it at Magnolia, sah," said Wash.

"How much did it cost you?"

"Ah done give ma note fo' \$200 for it."

"Good gracious!" said the boss, "where do you expect to get \$200 to meet your note when it falls due?"

"Wash looked astonished and offended.

"Fo' de Lawd's sake, boss man," he said, "you sho'ly don't expect me to give mah note an' pay too?"

# BASEBALL

CUE'S COLAS CRIMP CUMBERLANDS.

Local Pop Men Defeat Telephone Outfit by Score of 6 to 4.

Dick Cue hung another scalp on his belt last Sunday when his bat and ball artists took the measure of the Cumberland Telephone and Telegraph Company's baseball aggregation out at Rock-a-Chaw Park before a fair gathering of horsehide fans. The visitors didn't lack roosters in the game, as there were many of the faun's parkers there under the pole-climbers' banner.

While the game was not one replete with spectacular plays or great batting, it was interesting from start to finish, as can be seen by the score. "Cotton" Collier, a pitcher of local extraction and Carroll avenue rearing, got his first tryout as a mound artist and made a very creditable showing, allowing nine hits in seven innings, seven hits being bunched in the two stanzas wherein the visitors scored their four runs. Cotton gives the impression of a cool pitcher and one who is not afraid of work. Consistency on Cotton's part may do wonders for his mound work.

"Ain't He Gran?" Blaize was Cotton's mate in the backstop position and the visitors learned to highly respect his pegging qualities on a steal of the keystone bag.

Big Hohn was the twirler for the 'phone folks and was supported by Cox, who is a good backstop but no pegging arm to brag about. The Lime-Colas garnered a dozen hits off Hohn's delivery, bunched four in the first and four in the fifth innings.

King Solomon was the major general in charge and as usual umpired a good game, making but one bad decision when he called Henry out on strikes in the Cumberland's half of the sixth spasm. The King is a wise gazaboo in the Spaulding line and is about the best official we've seen in these parts for a row of dark moons.

Cue took Cotton out after the seventh, not caring to overwork him in his first time out. "Hippo" Phillips took the mound and did not permit a safe connection in two innings.

The scoring was made as follows: The Lime-Colas started the gathering of fruit in their half of the initial inning, getting four hits and three runs, two of the bingles being doubles by Hippo and Leroy Bon-tamps.

Pete Monteleone started things by heating out a hit to short; Hippo then slammed out a double that ended with Monte being perched on third and scoring when Ladner eased out a Texas Leaguer to right.

Blaize popped to Cox and Wally went out; second to first. Leroy then put life into things by lacing out a double, scoring both Hippo and Russell. Pete ended the carnival by an easy out, second to first.

In their next inning the Cumberland gathered two runs with three hits and one error. Gus Capdepon opened with a bingle to right; Henry got hit by pitcher and was given a bag. Sago hit to Strong, who gets Capdepon going to third and doubled Henry at second. Charley Capdepon hit fly to center, which was misjudged by Wally with the sun in his eyes and Sago scored. Wild throw scores Charley; Hohn hit to center, but the scores ended when Cox was easy out at first.

The Lime-Colas faltered again in the fifth. Hippo hit before the plate and was safe when Crevito dropped the ball. He stole second and then third and went home when the throw to third went wild; Ladner flew out. Blaize got a Tex. L. but was forced by Wally's hit to second. Wally piffed the keystone and scored on Leroy's two-sacker to left. Perre then slammed out a duplicate of Leroy's hit, scoring Leroy. Strong went out, Hohn to Crevito.

The Cumberland made a bid in the seventh and got two. Gus Capdepon flew out to left. Henry hit safely to right; Hohn laced out a double to center, Henry scoring; Cox doubled, scoring Hohn; Childress, an infield hit, but Blaize nipped him going to second.

Thus ended the scoring—the balance of the game was tied up tightly by both sides.

The class of baseball that the Lime-Colas are producing should draw big crowds out to Rock-a-Chaw Park every Sunday. It is the real article and well worth the price.

**SUPERSTITION SURVIVES.**

During the recent period of anxiety for Rold Amundsen and his fellow airplane explorers in the Arctic, an Italian spiritualist medium declared she had had a "revelation" while in a trance and announced that three of the party were dead.

Other details of the fate of the expedition were given and broadcast to the world in press dispatches, which were no doubt taken seriously by thousands of people. Three days later Amundsen and his companions returned from their perilous trip, all alive and well.

It appears easy for obscure cranks to obtain a little brief notoriety by pretending to be possessed of occult powers, whereby they produce anything ranging from a minor disaster to the end of the world.

Millions of people who are otherwise reasonably sensible are actually impressed by these imaginings of crack-brained individuals and often worry greatly over the lugubrious predictions made.

One time a while some prophesy accidentally happened to come true and gullible persons immediately attribute the coincidence to supernatural powers of the "prophet."

In spite of our supposed civilization, a majority of people are still superstitious. In a conversation, one kind of another, about the fortune tellers and other charlatans, Maurice

ADDRESS YOUR LETTERS  
PROPERLY.

A letter, postcard, parcel or newspaper, entering the mails is simply a piece of mail.

If, because of inadequate or incorrect address, and, in the case of the package—improper wrapping—a piece of mail must be taken out of the regular postal machinery for "directory service" or "hospital service," it becomes a Nixie.

If the postal sleuths are able to correct the address, or return to the sender for a better one, it again becomes a piece of mail—though "delayed mail" is the better sobriquet.

If, after an exhaustive effort, the postal "detective" must give up the puzzle, and there is no return address, the piece of mail is consigned to the Dead Letter Office, where it again changes its name to dead letter or dead parcel, as the case may be.

Its period of existence as a Nixie is the most expensive one. It demands special attention from the very best clerks. Valuable time is spent in its behalf, time which also may prove costly to the mailer or intended recipient through the attendant delay.

But in the long run, the postal service loses most. In Chicago 400 workers do nothing but handle nixies. In New York the service costs \$600 daily. In all the nixie costs the government about \$1,740,000 a year.

## WANTS UNIFORM TEXT BOOKS FOR SCHOOLS.

State Superintendent of Education Bond Wants Legislature to Provide for Law to Take Care of Present Unsatisfactory Situation.

"It is to be hoped that the next Legislature will give us a law providing for uniform text books in the high schools of the State, so that when a family moves from one town to another or from one county to another, the children of high school age will not have to buy a new supply of books at great cost in order to enter school again," says State Superintendent W. F. Bond in his weekly letter to The Sea Coast Echo and other papers of the State press.

"One good book in history, mathematics, English that is good enough for one school will be equally as good for any other high school, except in the case of the Junior High School, where a little latitude should perhaps be given. A great majority of the patrons of our schools would welcome a law that would provide for the same high school text books in all the schools," says the superintendent, in conclusion.

Hon. Irene Parbury, minister with out portfolio in the government of Alberta province, Canada, declared that the thing that keeps nations apart is not oceans, but lack of understanding.

## TO MAKE STATE LAWS FIT BAY CITY HAS TENNIS TOURNAMENT

Special Commission Appointed by Governor Whitfield to Revamp Anti-Trust Measures.

Revamping of the Mississippi anti-trust laws to meet the needs of the present-day industrial time as suggested by Governor Whitfield in his last message to members of the State Legislature, was begun Monday at Jackson at the first meeting of the special commission appointed by the governor.

The commission entrusted with the revision of the statute is composed of Judge Robert Thompson, of Jackson, chairman; J. Morgan Stevens, of Jackson; Webb Venable, of Clarksdale; Senator E. F. Noel, of Lexington; Representative Jeff Collins, of Laurel; T. F. Emerson, of Columbus, and T. C. Kimbrough, University.

Any bill drafted by the special commission will be subject to the approval of the governor before it shall be passed to the Legislature for consideration, and it is expected that the governor's plan as outlined in his message to the Legislature will be followed by the commission.

Broadly outlined, the work before the commission, as suggested by the governor, is as follows:

1. Revising of anti-trust laws to suit present-day conditions in such plain languages that no honest business can doubt the cordiality and sincerity of Mississippi laws, and no scheming lawyer or overbearing corporation organized simply for exploitation can escape the full penalties of the law.

2. The State tax commission shall be vested with the power to collect taxes from all public service corporations operating in more than one county in addition to present duties.
3. The tax commission shall be given sole authority to investigate delinquencies on the part of tax payers, and the auditing department sole authority to investigate official delinquencies on the part of the county and district officers, and officers and employees of all public institutions. The attorney general and the state revenue agent would thus be deprived of inquisitorial powers in these fields.

4. The attorney general, with the approval of the governor, would be the only officer entrusted with the power of bringing suits in the name of the State. No compromise will be tolerated, the tax payers either paying the full tax or proving that they owe nothing.
5. Revoking of laws that provide the attorney general with commissions for certain duties and placing that official upon an adequate salary.

6. As the duties of the revenue agent have been distributed over other branches of the government, there would be no further need for the office. The suggestion is made by the governor, however, that the office be continued until the expiration of the incumbent's term, and then dispensed with. For the two years remaining, the governor suggests that he be allowed three assistants, whose salaries would be fixed by statute, to wind up matters over which he has already exercised jurisdiction.

7. Revision of the statute of limitation laws covering the period in which damages may be asked. Instead of six years, as is now the case, limit the time to three years, and at the expiration of that period have the time automatically set at two years.
8. More protection for citizens, and the prevention of one department overriding the opinion of another department.

## ZINSER-BOURGEOIS.

Another June wedding claiming general attention was that of Miss Cecile Bourgeois, lovely young daughter of Mr. and Mrs. Cyrille Bourgeois, to Mr. Edward Zinser, of New Orleans, which was solemnized on Tuesday afternoon, June 30th, at the home of the bride's parents, in Waveland. Rev. Father Costello performed the ceremony, which was beautiful and impressive.

The bride was given away by her father and was strikingly pretty in a gown of powdered lace chiffon Georgette, trimmed with lace. She carried a loose bunch of shasta daisies and other spring flowers.

The bride had as her maid of honor and only attendant her sister, Miss Alma Bourgeois, who was becomingly dressed, wearing a frock of crepe satin and carried a bouquet of spring flowers.

The groom had as his best man his brother, Mr. Fred Zinser.

The room was decorated with a profusion of flowers, potted ferns and palms, and the ceremony took place under a bower of the same. Very appropriate sacred music was rendered by Miss Ruth Larson before and after the service.

A reception followed and was continued until midnight, with a dance by Maurice's jazz band, which was very largely attended and enjoyed by friends from this section and New Orleans.

The gifts received by the bridal couple were unusually numerous and handsome, an evidence of the esteem in which both are held.

Mr. and Mrs. Edward Zinser left the same evening for New Orleans, where they will make their future home.

## ROCK ME TO SLEEP.

A copy of the following beautiful poem, author unknown, was found pasted within the cover of a bible owned by the late Mrs. Kate Edwards, of Bay St. Louis. It was her favorite poem. It is filled with tender and beautiful sentiment and is here given space in The Echo:

Backward, turn backward, O time in your flight,  
Make me a child again just for tonight!  
Mother, come back from the echoless shore,  
Take me again to your heart as of yore,  
Kiss from my forehead the furrows of care,  
Smooth the few silver threads out of my hair;  
Over my shoulders your loving watch keep,  
Rock me to sleep, mother! Rock me to sleep!  
Backward, flow backward, O swift tide of years;  
I am weary of toil, I am weary of tears;  
Toil without recompense, tears all in vain;  
Take them and give me my childhood again!  
I have grown weary of dust and decay,  
Weary of sowing for others to reap away;  
Wear yof sowing for others to reap,  
Rock me to sleep, mother! Rock me to sleep!

Tired of the hollow, tho' base, the untrue;  
Mother, O Mother, my heart calls for you!  
Many a summer the grass has grown green,  
Blossomed and faded, our faces between,  
Yet with strong yearnings and passionate pain  
Long I tonight for your presence again;  
Come from the silence, so long and so deep,  
Rock me to sleep, mother! Rock me to sleep!

Over my heart, in the days that have flown,  
No love like a mother's love ever has shone;  
No other worship abides and endures,  
Faithful, unselfish and patient, like yours;  
None like a mother can charm away pain  
From the sorrowing soul and the world's weary brain;  
Slumber's soft calm o'er my heavy lids creep,  
Rock me to sleep, mother! Rock me to sleep!

Come, let your brown hair just lighted with gold,  
Fall on my shoulder again as of old;  
Let it fall o'er my forehead tonight,  
Shielding my eyes from the flickering light;  
For Oh! with its sunny-edged shadows once more,  
Happily will I through the sweet visions of yore;  
Lovingly, softly its bright billows weep,  
Rock me to sleep, mother! Rock me to sleep!

Mother, dear Mother, the years have been long  
Since last I was hushed by your lullaby song,  
Sing them again! To my soul it will seem  
Womanhood's years have been only a dream;  
Clasp to my arms in a loving embrace,  
With your soft, light lashes just sweeping my face,  
Never hereafter to wake or to weep,  
Rock me to sleep, mother! Rock me to sleep!

L. M. CUEVAS.

Mr. A. L. Wachenheim, a competent and fully experienced buyer and salesman, will be in charge of our organization. Mr. Wachenheim's experience covers years of study on home furnishing problems, and it will be his pleasure to render any possible assistance to the public on these matters.

It has been our good fortune to secure the services of Mr. Jos. N. Hardy, as assistant manager and sales manager. Mr. Hardy has for a number of years been in the employ of D. H. Holmes & Co., New Orleans, La., in the capacity of assistant manager and buyer in the furniture department. He is an authority on home furnishing and interior decorating questions, and his knowledge of these problems will be at your services at all times.

Our Delivery and Traffic Department will be under the personal supervision of Mr. Walter O. Cuevas. Walter needs no introduction to the people of the Mississippi Coast, as he has spent many years in your midst, and he will be pleased to welcome his many friends at our formal opening about July 15th. He will also assist on the sales floor and will gladly furnish the spare room or the entire house for you.

Our office will be in charge of Miss Carrie Blakeslee, a most competent bookkeeper and cashier. Miss Blakeslee also needs no introduction to the people of this community, as she has spent most of her life on the Gulf Coast and numbers her friends by the thousands.

Our Gift, Glassware and Chinaware Department will be in charge of Mr. M. Wachenheim, formerly of Vicksburg, Miss., an affable and thorough salesman, whose experience covers many years of public service.

Genasco Latite Shingles are not only weather safe, fire-safe and economical in cost, but they last for years with little or no cost for repairs.

That's because they are made of tough, long-fibred felt sandwiched between thick layers of Trinidad Lake Asphalt Cement—a product of the ages.

Equally important—you can lay them right over your old worn-out wooden shingles just as easily as over new boards. No ripping off of the old roof—no taking risks of damage by sudden storm.

Genasco Latite Shingles are locked tightly together—clamped firmly to your roof. No curling—no flapping in the wind.

Made in three natural, unfading colors—red, green and blue-black. Come in and let us show you these wonderful shingles.

—Misses Genevieve and Clothilde Monti returned home, after visiting friends and relatives along the Gulf Coast.

—Mr. Cornelius Murphy came over from New Orleans and spent a few days in Bay St. Louis the early part of the week.

—Misses Judith Mauffray and Marion Saucier were the guests of Mrs. T. C. Barrett, at Handsboro, several days this week.

—Mr. and Mrs. F. Roth and children, visiting Mr. and Mrs. A. Monti and family, left Sunday night for their home in New Orleans.

—Miss Mary J. Knox, from Vicksburg, is visiting at the home of her cousin, Miss Eva Cora Griffith, on the Waveland beach front.

—Mr. Will Be-nard, of St. Charles street, was a visitor to the Crescent City during the past week, returning home Wednesday evening.

—Mr. and Mrs. T. P. Bernard, of New Orleans, were week-end visitors at the home of their parents, Mr. and Mrs. Bernard, in St. Charles street.

—C. Y. Blazie, Jr., John Monti, Jr., Sam Notto and Ben Heitmann, of this city, spent the Fourth in Biloxi, returning home Sunday afternoon.

—Mr. and Mrs. G. O. Kornoff, of Natchez, Miss., have opened their summer home on the beach front for the season. Miss Camille Kornoff has as her house guests, Miss Nell Snyder, Miss Margaret Farrell, of Natchez.

—Mrs. A. F. Fournier is expecting an early visit from her relative, Mrs. Isabelle Grant Bryson, who will come from her home in Tennessee to spend the remainder of the summer season with Mrs. Fournier and family on the Waveland beach front.

—Mr. and Mrs. J. R. Ritzky and Mrs. Ritzky's sister, Mrs. Josephine Rice, and their young niece, motored over to Biloxi Sunday in the new family Packard sedan, where they visited Mrs. C. Jaubert Fuchich and family on the East Beach front.

—Mr. and Mrs. Alvin S. Spiess and Miss Margaret Spiess spent the week-end at Biloxi, where they attended the festivities and were guests at the summer home of Mrs. C. J. Fuchich. They made the trip by motor route.

—Mrs. R. W. Sistrunk and children, Ann and Joseph, are enjoying their stay at Brooksville, Fla., where they will remain indefinitely for part of the summer. They are near Sarasota and Mrs. Sistrunk has made investments while there.

—Mr. and Mrs. John Maxwell, of New Orleans, have purchased the Dr. Mary home, on the Waveland beach front, and are occupying their new summer dwelling for the season. They have as their house guests Dr. and Mrs. Maxwell and family, of New Orleans.

—Messrs. Albin Spiess, Kittredge Dell, Albert Newlin and Forster Fournier were among those from Waveland attending the Biloxi regatta during the week, camping for several days on Deer Island. They sailed the "Scat," which was one of the winners.

—Mrs. R. de Montlazin spent Monday in New Orleans, visiting her mother and other relatives, including her sister, Mrs. H. R. Piccaluga, who returned home Sunday, after an absence of several weeks spent visiting friends in Chicago, Ill., and relatives in Memphis, Tenn.

—After today's double election, Bay St. Louis and Waveland, there will be another election, on the 28th of this month, when a successor to Representative Waller will be selected. Governor Whitfield has called a special election to be held over the county to fill the vacancy.

—Mrs. (Dr.) Brosnan and two lovely young daughters are here from New Orleans visiting their relatives, Mrs. D. Brosnan and Mrs. W. W. Forwood, at the rose-embowered home in Uman avenue. Mr. J. L. Toye, of New Orleans, is also a house guest of Mr. Forwood for an indefinite visit.

—Junior Brech is receiving congratulations on his success in sailing the "Interference" at the Biloxi regatta this week, defeating the "Interference" and carrying one of the cups home. Sailing against a veteran sailor is all to the credit of C. A. B. Jr., and Bay St. Louis is glad to capture the cup.

—Mr. and Mrs. John Weston, who were registered at the Weston Hotel last week for the balance of the summer, received a message from Portland, Oregon, calling Mr. Weston on a business mission. Accordingly, they left Wednesday night for Chicago en route to the Pacific Coast. At Portland they will visit at the home of their son, Mr. Roland Weston, his wife and interesting baby. They plan to return in the late summer.

—Dr. and Mrs. Joseph Muller recently had as their guests from New Orleans, Mrs. Muller's mother, Mrs. Williams, and Mr. Muller's sister, Mrs. Margaret Cole, who visited actively and friends at Ocean Springs before returning home. Needless to say, their stay in Bay St. Louis at the hospitable and delightful Muller villa was one of much pleasure.

—Cards received by local friends from Mr. and Mrs. Victor Cannon, who, accompanied by their young son and daughter, recently left Bay St. Louis for a summer's stay in Europe, report they have already spent a week in Paris and are at present in Switzerland. They had a splendid trip over and are enjoying every moment of their trip.

—Mr. and Mrs. E. J. Dubuc and family have leased the attractive R. W. Webb home, in Carroll avenue, near the beach front, for a year and will move therein shortly. Mrs. Dubuc and daughters will leave about the 15th instant for Hendersonville, N. C., where they will spend the balance of the summer. Mrs. Dubuc is visiting at New York during her absence from Bay St. Louis.

—At a regular meeting of the Board of Mayor and Aldermen, held Saturday all pay of laborers for the city was raised from \$2.50 to \$3.00 per day. This standardizes wages and is more in keeping with the cost of living. Where the city is getting value received the pay is none too much, and The Echo "seconds the motion." Surely, the laborer is worthy of his hire.

—Mrs. Bernard O'Connor and children recently arrived from Indianapolis, Ind., to spend the summer and are visiting their sister and aunt, Miss Ruth C. Czeve, and Miss Fannie McCorry, at the family homestead in Main street. Mrs. O'Connor is always welcomed back to Bay St. Louis by the many friends of her girlhood days, when she was Miss Clemmie Czeve.

—Mrs. Harry Stuart Saucier, accompanied by her lively daughters, Misses Valmae, Bryn, and Marion, and Mr. Ludger Mauffray, enjoyed a very delightful motor trip last week to Columbia, Miss., going by way of Poplarville and returning through Tylertown and Bogalusa. The participants report a most enjoyable outing. Miss Valmae was left at Columbia, where she will remain as the guest of Mrs. Louis Buckley for a fortnight.

—Bro. Peter, vice president St. Stanislaus College, returned to Bay St. Louis Saturday morning, after an absence of two weeks or more during which time he visited his mother at Indianapolis, Ind., and was a guest of Loyola University at Chicago. Bro. Peter attended the convention given Henry Bonura and Coach Commagere at New Orleans Thursday night and will spend a while in the Louisiana parishes visiting in the interest of patronage for the 1925-26 session S. S. C. Bro. Peter says his visit North was one of much pleasure and he enjoyed every moment of his vacation.

—Mr. and Mrs. John D. Grace and family have arrived from New Orleans for the summer season and have taken active possession of their attractive summer home on the Waveland beach front, Grace Villa, where they will remain until the late fall. They have as their guests Mrs. (Dr.) Maxwell and children. Mr. and Mrs. Grace and the Misses Grace recently returned from a cruise to South American Coast points, making the trip from New York.

—The Echo notes with interest the large number of guests at the beautiful Hotel Weston. The dining room and lobby presents quite an animated appearance and Manager Babcock expresses satisfaction at the patronage. The hotel is one of the most attractive and delightful of its size in the country and will prove quite a drawing card for Bay St. Louis. The list of arrivals at the Weston had to be omitted from these columns last Saturday because of its unusual length.

## LETTERS FROM THE PEOPLE

In Answer to Article of July 4.

Editor Sea Coast Echo.

The present waterworks superintendent is paid \$10.00 per month to maintain your water system and not to repair automobiles or city trucks. We have a number of garage men who are in that business. Why not take care of his own job?

Why not see about all that spare time and the cost of maintaining the waterworks system. In his six months of spare time his salary was \$600.00, his labor, \$676.50, current for pumping, \$1,572.91. Labor and current, \$2,249.41. If there was any spare time his pay roll failed to show it.

New let's see the pay roll of the ex-superintendent, and if he had any spare time. Both received the same pay, \$660.00, for six months. Compare this: His labor, \$364.40; current for pumps, \$1,010.24. A total of \$1,374.64. And this was not spare time to repair automobiles, but was work done on the water system.

What about the 21 fire plugs the ex-superintendent dug up and put on the lines? This does not say all. But don't forget the little 16,000 feet of pipe dug up, and put in about 200 new house connections, when every pipe in this city was leaking; then put check valves on all city wells; run the pumps seven times a day; tapping the mains (at night) and after all your work is put in good shape by your ex-superintendent.

Your present superintendent finds plenty of spare time to repair automobiles.

Let's see about this city garage. The waterworks laws plainly read that the superintendent shall devote his entire time to maintaining the water system, and cannot be interested in any other work of any kind, directly or indirectly, at any time. What about that city garage?

Credit to whom credit is due! Let's see the man in overalls. He surely cannot be afraid of work, when it just cost the city five days labor with six men at \$2.50, and two men at \$3.00 per day, a total of \$105.00, to put in 170 feet of 4-inch water mains on Main street, with ditch ready dug. (Some saving!) When the ex-superintendent, with the same men, put in 430 feet in one day and the cost of same was \$21.00. Some more saving by the present superintendent or overalls man.

As to repairs on the truck. If he knew what to do, he could have found plenty on the water system, and had no spare time to violate the waterworks laws by repairing automobiles.

Is it not a fact that Ed. McKay has been the waterworks maintainer and Emanuel Adams in charge of the pumps, to learn the superintendent, at a cost to the city of \$6.67 per day? Still another fact. And is it not true the superintendent is paid \$110.00 per month to do the pumping only? No wonder he has so much spare time to work on automobiles!

Just another item: Will the writer of the article of July 4 explain why Ed. McKay was retained as waterworks maintainer before the superintendent in overalls was appointed? Is this not proof in itself he was not competent and could not and has not done the work?

I have no axe to grind, but want the public to know the simple facts. The proof is at the City Hall; it is public record. Why so much propaganda to try and cover up the truth? And since the superintendent in overalls is such an expert, as you think he could pass a civil service examination and get by with a little 90 per cent certificate? Your ex-superintendent can show one.

I am not after his job and don't want it, but will ask you, Mr. Writer, in the future please throw your bricks at the passing dogs, not at me.

Sincerely yours,  
W. J. GALLUP.
